

Junior & Senior Parent Night Questions

1. PSAT availability

- Juniors were given the option to sign up for the October PSAT earlier this semester. The test will be held on Oct. 16th. At this time sign-ups are closed.

2. Sports scholarships

- Students interested in sports scholarships are welcome to check our scholarship list, reach out to coaches, check prospective colleges, and search online. Remember to never give out your social security number, and you should never have to pay for scholarship applications.

3. Application fees

- College applications will ask for parent/guardian income and family size to determine if a student qualifies for fee waivers. If a student does not qualify for a fee waiver, typically you have to pay for each college application submitted.

4. What happens if there is a D/F on a transcript?

- You and your student should meet with your counselor to discuss this in detail.
